SUMMARY

Hi, I'm Rafael Race, a Front-End Developer with a strong foundation in JavaScript and React, and a growing passion for React Native. I specialize in clean, responsive UIs with a focus on user experience. I'm currently pursuing a BS in Information Technology and actively seeking an internship or part-time role in a related field to further grow my skills and experience.

EDUCATION

Celtech College

Bachelor of Science in Information Technology
2022- Current

Subic National High School

Information Communication Technology (ICT)
2019-2021

Projects

AthleTech AI Fitness App – My first full-stack project for a school subject, built with React Native and Convex for Database and Clerk for Authentication. Features include AI-powered workout and meal planning, user authentication, progress tracking, and chatbot integration.

JS-Documentation - This is one of my project that i build in FreeCodeCamp. This is for Beginners that starting to learn JavaScript.
